PROFILE SUMMARY

Professional Experience

Jason Stein joined Winick Realty Group in 2016 as part of the company's Agent Training Program. Mr. Stein focuses on both tenant and landlord representation throughout New York City.

Mr. Stein was surrounded by business from a young age as he would accompany his father, a textile salesman, to his office and listen in on sales calls. He had the opportunity to intern at a textile company, where he worked directly under the vice president as he cold-called potential clients and mastered the company's in-house inventory system. The intimate knowledge he gained of the needs of both buyer a seller helps him to make the right connections between clients and successfully complete real estate deals.

A graduate of Syracuse University, where he earned a Bachelor's Degree in Information Management and Technology, Mr. Stein also interned at Century 21 Real Estate, where he canvassed, went on showings and created marketing campaigns for both residential and commercial properties.
